Hi Abraham,

Good point, I think the towing component can be held off for now, which means we won't need DOT presence tomorrow, and through COVID-19 emergency operations.

All other services can continue.

Thanks for following up, and wishing everyone a safe week!

Good afternoon,

Hope this email finds you well during this difficult time.
I just wanted to ask if we are still running the RV Pilot program during this period of Covid-19?

My only concern is that we won't be able to really enforce towing these RVs, however we can still provide the services and outreach.

Please let me know so I can relay instructions to my CARE team.

Best Regards,
